

# TEST UPDATE

## Smooth Muscle Neuropathy Panel—Deactivation

### UVMMMC

Effective 8/13/25, the Smooth Muscle Neuropathy Panel (SMNP), which is performed at Washington University Neuromuscular Lab, is being deactivated due to low volumes. Going forward, this test, or any other neuromuscular test performed at Washington University Neuromuscular Lab should be ordered the following way:

1. In EPIC, order test code MIS (Mayo Miscellaneous)
2. Specify Mayo Test ID: ZW305
3. In order comment, please specify which test at WashU you wish to order

Ordering tests in this way will allow for more seamless, electronic orders, as Mayo will forward testing to Washington University Neuromuscular Lab, and will allow for electronic results via Mayo. Sending via Mayo Clinic Labs means no Alternative Lab Sendout Form is required.

For questions or concerns related to this change, please contact Lab Outreach ([laboutreach@uvmhealth.org](mailto:laboutreach@uvmhealth.org)).
